Invitation to the launch of South Yorkshire Futures...

Sheffield Institute of Education, Sheffield Hallam University

Thursday 14th September 2017, 5.00—7.00pm

**Sheffield
Hallam
University**

On Thursday 14 September we will welcome the Rt Hon Robert Goodwill MP, Minister of State for Children and Families, to Sheffield Hallam University to launch an exciting new collaborative programme designed to improve educational attainment and aspiration for our region's young people: **South Yorkshire Futures**.

As a key stakeholder, we would be delighted if you could join us for this important launch event and help us shape the partnership.

South Yorkshire Futures aims to deliver sustained improvements in school attainment and in the aspirations of young people through a collaborative enterprise between partners including the Regional Schools Commissioner, Multi Academy Trusts, Teaching School Alliances, Local Authorities and the Sheffield City Region Local Enterprise Partnership, led by Sheffield Hallam University and supported by the Department for Education.

Together, we can build a coherent long-term shared vision for the role of education in improving social mobility, enhancing quality and opportunity for all and providing a secure basis for transition to work and further or higher education.

You will hear more about what South Yorkshire Futures looks like and we would like to take it forward, as well as hear the thoughts of the Regional Schools Commissioner for East Midlands and the Humber, John Edwards, and our special guest, Robert Goodwill MP.

At the prosecco and canapé reception in the second half of the event, you will have an opportunity to network with colleagues to explore how we might work together to address the educational challenges that we face.

It is our ambition that **South Yorkshire Futures** will provide a genuine step-change in improving opportunities for the young people of our region. Join us for the launch event in September to help make this ambition a reality.

Make your Mark 2017

Primary

Secondary

Special

In this interesting and tumultuous political climate we feel that it is vital that young people experience and participate in democracy. On the 12th of August Make your Mark 2017 will be launched across the UK.

During September to October we are hoping that all school's enable their students to participate in the consultation by voting.

In 2016, as city we managed to get a record amount of young people to vote and this was only possible due to the involvement of teaching staff in schools.

Please take 3 minutes to complete the survey monkey link (below) that essentially registers your school's interest in participating this year and how we might be able to support you.

Safeguarding in Education Self-Assessment Tool (ESAT)

Free online tool for schools in England

Primary

Secondary

Special

The Safeguarding in Education Self-Assessment Tool (ESAT) helps you to audit your school's current safeguarding arrangements and supports you to make any changes and identify areas for development.

The online tool has been developed through a joint initiative between the NSPCC and TES.

More about ESAT

ESAT provides a step-by-step guide to ensuring your school is meeting best safeguarding practices. It should be completed by the school's designated safeguarding lead in consultation with school staff and governors.

The tool creates an action plan showing what provisions are in place within your school and where action needs to be taken. Progress can be updated at any point and the action plan can be printed for your records.

For more information and to register, follow the link below:

IMPORTANT Primary Sports Premium—Update

Primary

Special

The DfE website has updated the information on their website regarding the doubling of the Primary PE and School Sport Premium Funding which has been confirmed for the upcoming academic year 2017-2018- <https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools>

This will mean that each school with 17 or more eligible pupils (year 1 to Year 6) receive £16,000 and an additional payment of £10 per pupil and this will be taken from the January 2017 census.

This is a significant investment in PE and School Sport across the country and something that we obviously welcome. With regards to this increase please note the following:

- **Schools should NOT** Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets if this is your chosen route for delivery of PE.
- **Schools cannot** use the funding to teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach your existing PE curriculum).

Please also be aware that as this news provides a huge increase in resources for PE and Sport we anticipate a wide range of organisations contacting you directly as a school to sell their products and or services (if this has not started already). Please note that guidance and advice can be provided before looking in to services and as a city we will be promoting opportunities, programmes and initiatives to schools across the academic year.

Medical School Community Partnership Placements

Monday 20th November – Thursday 14th December 2017

For the past two years the University of Sheffield Medical School has arranged for over 450 third year students to spend four weeks working in partnership with community based organisations across the South Yorkshire region, supporting the organisation with important project work and learning about the social determinants of health.

The students have the opportunity to select their placement in September from a range of organisations. Past projects have included:

- Evaluations of services and recommendations for improving client experiences
- Producing resources to help clients access services and help professionals signpost effectively
- Designing a dementia-friendly garden (a project which was subsequently granted funding)
- Working with schools to arrange workshops on healthy eating, healthy bodies and personal care for KS1 children
- Producing a YouTube video to explain to healthcare professionals the support a charity can offer cancer patients in accessing benefits
- Supporting secondary science teaching and mentoring students about stress
- And many more ...

Over 60 organisations were involved last year.

If you would like to work with our students, please get in touch with the Social Accountability team to discuss:

Charlotte Watson – charlotte.m.watson@sheffield.ac.uk / 0114 215 7039

Peggy Haughton – p.haughton@sheffield.ac.uk / 0114 222 2201

Cruelty to children must stop. **FULL STOP.**

For information or to book any of the above, please contact NSPCC Campaigns Manager, Helen Westerman, hwesterman@nspcc.org.uk or call 07870 164937.

As part of this year long campaign, we'd like to offer the following free to all primary schools in the city:

- Briefing sessions for staff, using the NSPCC's PANTS resources, to help them talk to KS1 and KS2 children about sexual abuse
- PANTS workshops for parents
- Workshops for parents and/or staff about how to keep children safe online, developed by the NSPCC in partnership with O2 (plus free booklets to disseminate)
- Monthly lunchtime seminars at the NSPCC Service Centre in Sheffield exploring various aspects of child sexual abuse and exploitation for those working with children and families
- PANTS booklets for parents delivered to school
- Share Aware booklets for parents delivered to school
- Campaign posters delivered to school
- Campaign website – www.itsnotOK-sheffield.org.uk
