Future Briefing Date

- Summer 2 | 2 July 2019

The briefing will run 8.30-10.30am

'What are the key governance priorities now?'

Primary

Special

Secondary

A conference to consider the priorities for Governing Bodies and Trust Boards at this pivotal time in education.

What is the role of high quality governance in ensuring that every child receives a world class education?

**Second keynote
speaker to be
announced soon!**

Emma Knights

Emma Knights OBE, is Chief Executive of the National Governance Association (NGA) - the leading charity for guidance, research, advice and training for school governors and trustees. Emma has worked in a number of roles in the voluntary sector, particularly in the Legal Services Commission, Citizens Advice and the Local Government Association. As well as leading projects on child poverty and educational attainment, Emma has written on a wide range of topics and is co-author of the NGA's Chair's Handbook.

Emma regularly addresses legislators and the media on governance issues, as well as school governors, trustees, clerks and school leaders. She was a governor at a secondary school in Warwickshire for 7 years and is a founding trustee of the Foundation for Leadership in Education.

Emma was awarded an OBE in the 2018 New Year's Honours list for services to education.

Ofsted Framework Training—Primary

Primary

Learn Sheffield are planning to run four sessions for school leaders to introduce the new Ofsted Framework. This session is to share and discuss some of the potential changes to the Ofsted inspection framework (Draft - Education Inspection Framework) which is effective from September 2019.

The details of the session are below – please use the Book Now buttons to secure your place(s) at the training.

This training is included within the Learn Sheffield subscription and subscribing schools can book places at any of the events below at no additional cost. For non-subscribing schools each place will be charged at £95 per person.

The National Videogame Museum invites you for an evening of food and games to help us shape Pixelheads, our new extra-curricular community programme.

The NVM wants to be useful to you, your organisation and your community. We'd like to invite you to an evening of food, drink and games at our place on one of the following dates:

[4.30 - 6.00pm, 23rd April](#)

[4.30 - 6.00pm, 7th May](#)

[6.00 - 7.30pm, 7th May](#)

Free parking available at [NCP Hartshead Square](#), simply claim your ticket at the event.

We want to create a community for young people who love videogames, an alternative channel for their seemingly limitless love for playing! Pixelheads creates an exciting space for them to play, learn, think about, talk about and even create games.

What you'll get:

- Access to six Pixelheads workshop sessions and material
- Influence the shaping of a first-of-its kind national programme
- Build your profile and network with other experts

We'd love for you to join us and think about some questions about Pixelheads:

- How it might operate
- What it would focus on
- When you think it should run
- How it can be useful to you

Our programmes are for families, we want the NVM to be a positive place to explore what it means to live in a world of videogames and gameplay. We've got some ideas of how Pixelheads could extend outside of the walls of the NVM, and we'd really appreciate your involvement.

So, come along to the NVM on 23rd or 7th May and be a part of designing and delivering the most innovative, engaging and relevant educational materials around videogames.

If you have any questions please contact Alice — alice@thenvm.org

Learn Sheffield partnership with Lyfta

You may have already heard of the Finnish-British education organisation [Lyfta](#), which works with around 300 schools in the UK, and who we were delighted to host at the last Sheffield Leaders Briefing in February.

Lyfta is a subscription-based website where teachers and pupils can access stunning immersive storyworlds and curriculum-based lesson and assembly plans. Lyfta's theme-based learning experiences are ideal for teaching Literacy, Geography, RE, P4C, PSHE, Global Citizenship and Art, as well as fostering values and skills such as empathy, self-direction and critical thinking.

Free British Council subsidised CPD on Global Citizenship with Lyfta

Lyfta has a unique partnership with the British Council which enables them to offer high-quality, free CPD via an online webinar to teachers that want to find out more about [Connecting Classrooms through Global Learning](#) and about using immersive storytelling as part of this. There is no obligation to do so, however, schools can subscribe to Lyfta should they wish to, at a heavily subsidised rate of £100 per teacher for three years. This is usually the cost for one year, but the British Council funding allows you to extend this by a further two years at no extra cost if you sign up before the end of the summer term. With Sheffield schools' commitment to collaboration, valuing difference, and inclusion at the centre of our work, Lyfta's mission and values should resonate well for our schools. If you would like to find out more please click [here](#)

To watch a short trailer about Lyfta, click [here](#)

To register your interest please go to <https://www.lyfta.com/register-your-interest> or contact penny@lyfta.com who will be happy to set up a demo for you.

Lyfta & the Sheffield Hallam Festival of Education

Lyfta has been included as a partner for the Sheffield Hallam Festival of Education, and will be running a workshop on Friday 14th June for colleagues that wish to attend.

After the success of the Create and Dance programme in schools across the country, we are looking for schools to participate in a new scheme of work - Create and Dance: Alice's Adventures in Wonderland. The Royal Opera House's Create and Dance programme provides:

- a creative learning programme, created with teachers, for primary schools across England.
- classroom-based and digital activities, with strong curriculum links, to give children a better understanding of dance; unlocking their imagination and creativity.
- teacher training, classroom films, lesson plans and resources to use in ways that suit the needs of the teachers and their students. Teachers do not need any previous dance knowledge in order to take part.

<http://www.roh.org.uk/createanddance>

These offers have been developed to:

- support the improvement of PE provision, covering four of the five key indicators of the schools sports premium.
- build teacher confidence, providing the tools to inspire learning through creative dance.
- develop a student's creativity, resilience, communication skills and many more transferable skills.
- have relevance to current topics in school, acting as a theme for cross-curricular work and a springboard for literacy.

We are hoping to host a bespoke full-day INSET for the programme in Sheffield. Venue TBC. In order to do so, we would need to recruit at least 15 schools paying £50 per school.

We could host up to 30 people in the INSET, so each school could send another member of staff if they wish (making it £25 per teacher). Some schools may only wish to send one member of staff, so other schools could send more if there is space. We would then encourage schools to host a sharing at the culmination of the project - maybe in the form of a Mad Hatters Tea Party! We also provide access to the ROH: Classroom - streaming the Royal Ballet repertoire into school, so that you can showcase the work to more students across the school. We are really keen to work with schools across the country as we develop our resources further and try to find ways to embed the work into the curriculum. We really appreciate your expertise and welcome feedback as we launch these new resources.

To register your interest, please complete the survey:

<https://www.surveymonkey.co.uk/r/createsheffield>

Stats for 18/19 so far

16 INSETs across the country

180 Create and Dance Schools

10159 Students engaged

304 Teachers engaged

Work Experience Weeks 2019

Monday to Thursday 1st—11th July 2019

Abbeydale Industrial Hamlet, Abbeydale Road South, Sheffield, S7 2QW

This year our work experience is taking place at Abbeydale Industrial Hamlet. The work experience will take place over two weeks and will have a focus on heritage interpretation in museums.

Wondering what “heritage interpretation” means?

“Interpretation helps people make sense of, and understand more about, a site, collection or event.”

(Association for Heritage Interpretation)

So this is ideal for anyone who is interested in a career in museums, drama, writing, tour guiding, teaching etc.

You will have the opportunity to work with members of our skilled Learning team here are some examples of the activities:

- Meet our “Interactors” and find out about how they use drama to help visitors understand our site.
- Put together your own character-based tour and try it out on real visitors to Abbeydale!
- Learn about how exhibitions are put together and have a go at writing your own labels for the objects around the site.
- Work in a team to design a craft activity for families that can be used in our “Make Your Own” holiday programme. You could even come back over the summer holidays to help us deliver the activity.
- Work together to put on a celebration event on the last day.
- The aim is that everyone who takes part in this week will also gain a Bronze Level Arts Award.

There are only 10 places available for Young People aged 14 – 19 (up to 25 with SEN) and you must apply by the deadline.

To apply please complete an application form and equal opportunities monitoring form below and send to Rebecca Walton via education@simt.co.uk or post c/o Kelham Island Museum, Alma Street, Sheffield, S3 8RY.

Please note that you can use other media (film, sound etc.) to answer the three questions.

Festival of Education

Primary

Special

Secondary

Over both days all our festivalgoers will also be discussing a wide range of other specific questions including: how do we ensure that our schools are great places to learn and to work?, how are we meeting staff recruitment and retention challenges? are staff and student wellbeing being given the priority they deserve? are we fully connecting schools and the worlds of work, Further and Higher Education? how do we maximise the positive use of ed-tech to prepare young people for wider opportunities? and how do we ensure Performance, Art and Culture can survive and thrive in education?

We would very much welcome your participation in this first major Education Festival based in our region and you can find out more at the **Festival website at HallamEdFest.org.uk** including details of our Early Bird tickets for Friday (£65), Saturday (£35) and two-days (£80) - which is fully transferable if two different colleagues want to attend over the two days.

School Culture &
Disadvantaged Learners

INFORMATION SHEET: REACH Primary

- REACH Primary is an intervention designed to improve the reading skills of pupils in Year 3. It is based on a programme called REACH, which in a previous EEF trial was shown to have positive impacts on secondary school pupils reading skills.
- REACH Primary is for the weakest readers in Year 3.
- It is delivered by Teaching Assistants (TAs) trained by researchers from the University of Leeds and comprises 60 x 30 minute individual support sessions per pupil.
- The methods used in REACH Primary are aligned with the 'Simple View of Reading' (Gough & Tunmer, 1986) and as such target word recognition and decoding skills alongside oral language comprehension.
- The teaching approaches are based on established techniques derived from 'Reading Intervention' (Hatcher, Hulme & Ellis, 1994) and the 'York Reading for Meaning Project' (Clarke et al. 2013).

**BACKGROUND**

80 large primary schools (with two classes in Year 3) from the North East and Yorkshire and Humber regions of England will be recruited to the REACH Primary evaluation. Schools will identify the 10 weakest readers who will be starting Year 3 in September 2019. 40 schools will be randomly allocated to the intervention group and 40 to the control group.

(A) INTERVENTION GROUP

- 2 TAs from each school will complete 2 days of initial face-to-face training, 1 day of top-up training, 5 short online seminars, and a series of training tasks. A member of the Senior Leadership Team will attend the morning of the first training day.
- TAs will each work with 5 students and provide 3 x 30 minute individual support sessions every week for 20 weeks (7.5 hours of TA delivery per week).
- TAs will also require some preparation time (based on 5 students, 1.5. hours per week) and a tablet computer to use during the sessions.
- 2 sessions per week target word recognition and decoding skills and the third focuses on oral language comprehension.
- Each school will receive a set of REACH teaching materials. In addition they will need a 'starter book box' which corresponds to Hatcher grading levels 1-30. Schools will be required to contribute £300 to cover the cost of this (that they keep).

(B) CONTROL GROUP

These pupils will not be participating in the REACH intervention, but schools will receive £500 for providing baseline data and for organising the evaluation team to come in and collect post test data on the chosen pupils.

If you would like to be part of the REACH Primary project contact Dr
Paula Clarke - 0113 3439410 or email p.j.clarke@leeds.ac.uk

A programme to transform the reading and language skills of pupils in Year 3, delivered by Teaching Assistants trained in the REACH Primary approach

UNIVERSITY OF LEEDS

NOW RECRUITING

We are inviting primary schools with two or more Year 3 classes from Sept 2019 to take part in an EEF funded trial of REACH Primary in the North East, Yorkshire and Humber, Lincolnshire and Greater Manchester

What are the potential benefits?

- Upskill two TAs in your school to specialise in supporting reading
 - Fully resourced programme
- A previous EEF trial showed that pupils who completed REACH made an additional 6 months progress compared to a control group

How much TA time is needed?

- Two TAs are required to support ten pupils (each TA supports five pupils)
- Each pupil receives 1.5 hours of support per week for 20 weeks
- Total time commitment per week per TA is 9 hours (7.5 hours delivery plus 1.5 hours of preparation time)

What is the schedule?

- TA training is in Sept 2019
- Ten weeks of intervention delivered in the Autumn term 2019
 - Top-up training is in Jan 2020
- Ten weeks of intervention delivered in the Spring term 2020

How is it being evaluated?

- Randomised Controlled Trial
- Eighty schools (800 pupils)
- 40 in the Intervention group
 - 40 in the Control group
 - Reading and language assessments in May 2020
- Independent evaluators

**Sheffield
Hallam
University**

What does it include?

- The programme focuses on:
- word recognition/decoding skills to improve fluent and accurate reading
- oral language skills to improve comprehension ability
- It uses finely graded real books, and detailed reading skill profiles to personalise intervention sessions to meet the specific needs of each pupil

Who is it suitable for?

- The five weakest readers in each Year 3 class
- This may include pupils with SEND, Dyslexia, and those learning English as an Additional Language

What does the TA training involve?

- No prior knowledge of reading and language assessment and intervention is needed
- Three days of free CPD delivered by Dr Paula Clarke (University of Leeds)
- Training venues in each region
- Online seminars
- Training tasks with feedback
- Ongoing support from research team

Would you like to find out more?

Please contact Dr Paula Clarke
p.j.clarke@leeds.ac.uk

**Teaching for Mastery in Primary Schools:
Funded Opportunities for 2019/20**

National Centre
for Excellence in the
Teaching of Mathematics

In 2019/20, all Maths Hubs will be running Work Groups (*) led by Mastery Specialists, for primary schools to start, or continue, developing teaching for mastery in maths. Even schools already well down this road will benefit. There's funding to support the release of teachers and to purchase resources.

APPLICATIONS NOW OPEN!

"Children now have a much greater confidence with numbers"
(Primary school maths lead)

Help all pupils secure deep and sustained understanding in maths

"It's created a buzz around maths... which is the biggest impact of the programme"
(Primary school headteacher)

"The Work Group is a completely different form of CPD"
(Year 2 teacher and maths lead)

APPLICATIONS NOW OPEN!

(*) What is a Work Group?
A Work Group, also known as a Teacher Research Group (TRG), is a small group of teachers from local schools led by a trained Mastery Specialist. There's a meeting every half term, usually including a visit to a classroom, and a taster visit by the Mastery Specialist to provide bespoke support in the development of mastery in each school.

MathsHUBS

APPLICATIONS NOW OPEN:
For details, visit www.ncetm.org.uk/masteryrecruitment

**APPLICATIONS
NOW OPEN!**

For details, visit:
[www.ncetm.org.uk/
masteryrecruitment](http://www.ncetm.org.uk/masteryrecruitment)

Spaces still available for any schools wishing to apply to engage in the 2019/20 Primary Teaching for Mastery programme which attracts funding to support release of teachers to participate. However these are limited and head teachers are encouraged to apply as soon as possible.

Free Prevent Training for Sheffield School Leaders

(Suitable for Headteachers, Safeguarding Leads and Governors)

The DfE published 'The Prevent Duty: Departmental advice for schools and childcare providers' in 2015. It is essential that schools in all phases are aware of and understand their responsibilities under the statutory Prevent duty. This session will cover national and local Prevent perspectives, Safeguarding processes, resources available to schools, advice from Ofsted and will include 'Workshop to Raise Awareness of Prevent' training. This training replicates earlier sessions and is for NEW leaders only.

The next planned training session is
scheduled for:

Wednesday 15th May 2019

9.15-11.45am

at Learn Sheffield, Lees Hall Road,
Sheffield, S8 9JP

Learn Sheffield is pleased to be hosting an 'Innovate My School Speed Dating Session'. On 5th June. The session will give school leaders an opportunity to very quickly be introduced to a range of cutting edge technology solutions for teaching, learning and school business, using a 'speed dating' format, spending only 8-10 minutes with each supplier, so discussions are laser focused and to the point!

Wednesday 05th June 2019
Learn Sheffield Centre, Lees Hall
Road, Sheffield, S8 9JP 09:30am
- 11:00am

Speed dating with Innovate My School is a fast, fun, effective way to be introduced to cutting-edge products and services that will help you to innovate your school. With every speed date, we ensure that schools are given an invigorating experience in learning about products and services relevant to their needs.

How it works:

- We will split you into groups, with each allocated to an innovative product.
- Each group will then simultaneously 'date' their provider for 10 minutes.
- At the end of the date, you provide some quick feedback and a rating.
- If you are impressed with the product, you may want to follow up after

"Loved it. Great way to find out what's out there without spending days going to presentations" - **M.Cairns, Headteacher, St Winefride's CPS Academy**

There is an Eventbrite page for signing up, to book your place, click on this link:

To meet the growing demand for digital skills, the National Centre for Computing Education has been set up to make a significant contribution to the teaching of computing education throughout England.

We support the teaching of computing in schools and colleges across all key stages, giving teachers the subject knowledge and skills to establish computing as a core part of the curriculum.

NCCE Courses in Sheffield:

Outstanding teaching of ks2 computing	4th June and 26th June
Primary programming and algorithms	9th July
Networks and cyber-security in GCSE computer science	12th June and 24th June
Data and computer systems in GCSE computer science	19th June and 8th July
Python programming essentials for GCSE computer science	tbc
Algorithms in GCSE computer science	tbc

All courses take place at Learn Sheffield, Lees Hall Road, S8 9JP

Sheffield schools are eligible to one free place on the Primary courses, with a £100 per day bursary payable on completion. Further places cost £35 per day.

The GCSE courses are aimed at teachers without a post A-level qualification in computer science, and are free for eligible teachers plus a bursary of £440 per day (up to two courses).

To sign up for updates and to book onto courses, visit <https://teachcomputing.org>.

For more information please contact Catherine Elliott, NCCE Subject Matter Expert: email celliott@sheffielddclc.net, or phone (0114) 2507417.

Introducing the DfE Workload Reduction Toolkit

MITA *Direct*: a course for school leaders

MITA Direct is commissioned by a host organisation and delivered to schools locally. Host organisations include teaching school alliances, local authorities, multi-academy trusts, research schools, federations and clusters.

We deliver three half-day sessions, paced over two terms:

- **Session 1:** setting out the evidence on TA impact introducing the key principles of the MITA approach; conducting a self-evaluation; and setting a vision
- **Session 2:** using self-evaluation data; MITA principles in depth: what they look like in the classroom; practical strategies and ideas; action planning
- Session 3:** reviewing and sharing success and planning next steps.

Each school receives a comprehensive pack of high-quality resources and tools to support the processes of review and Implementation.

The cost of commissioning MITA *Direct*, for a maximum of 20 schools, is **£5,995**.

To get the most out of MITA *Direct*, we strongly recommend the Headteacher of each school attends each session, together with another member of the senior leadership team (i.e. 2 people per school should attend).

Learn Sheffield Subscription Briefings 2019/20

The information about the **Learn Sheffield Subscription for 2019/20** will be out shortly, ahead of the closure of the 'opt-out' window in the contract at the end of May. There will naturally be several opportunities to discuss the subscription as part of the natural cycle of meetings and events (including the Leaders' Briefing in May) but these sessions are being provided so that colleagues have an additional option to book on to a briefing (see links below). I would also stress that many colleagues may prefer to discuss things directly, in which case you should contact Thomas or myself to book a call or a meeting (thomas.edmonds@learnsheffield.co.uk).

All briefings will be held at the Learn Sheffield Training & Development Hub, Lees Hall Road, Sheffield, S8 9PP.

Tuesday 7 May 2019, 2.00—3.30pm
