

SHEFFIELD AND ROTHERHAM GOVERNANCE CONFERENCE

Saturday 15th June 2024, 10.00-12.30pm

TURNING CHALLENGES INTO GIFTS -
DEVELOPING A VALUES-FOCUSED
SCHOOL

How to turn challenges into gifts and opportunities

We live in challenging times, but we know that happy schools are full of optimistic teachers and school leaders who work miracles with minimal resources and bags of love.

How can we ensure that when times get tough, we can see past our survival instincts which create fear and turn these challenges into gifts that make us stronger? This keynote will introduce you to some cognitive science that offers strategies to meet challenges and embed that habit of optimism which supports mental health and fitness for the whole school community.

Cost – Each subscribing school/academy of Learn Sheffield or RoSIS is entitled to TWO tickets for this event.

Additional tickets are £40 per delegate. For non-subscribing schools and academies, the cost is £125 per person.
